# So, how can you help?

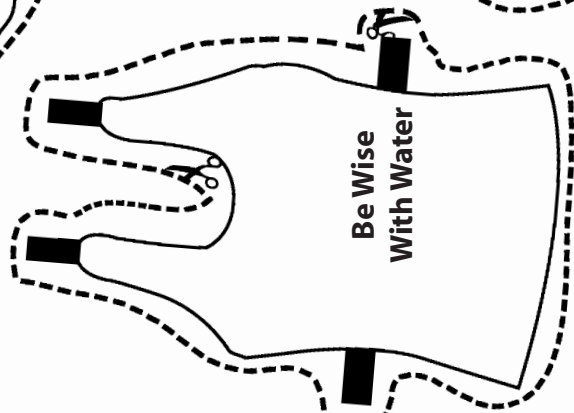

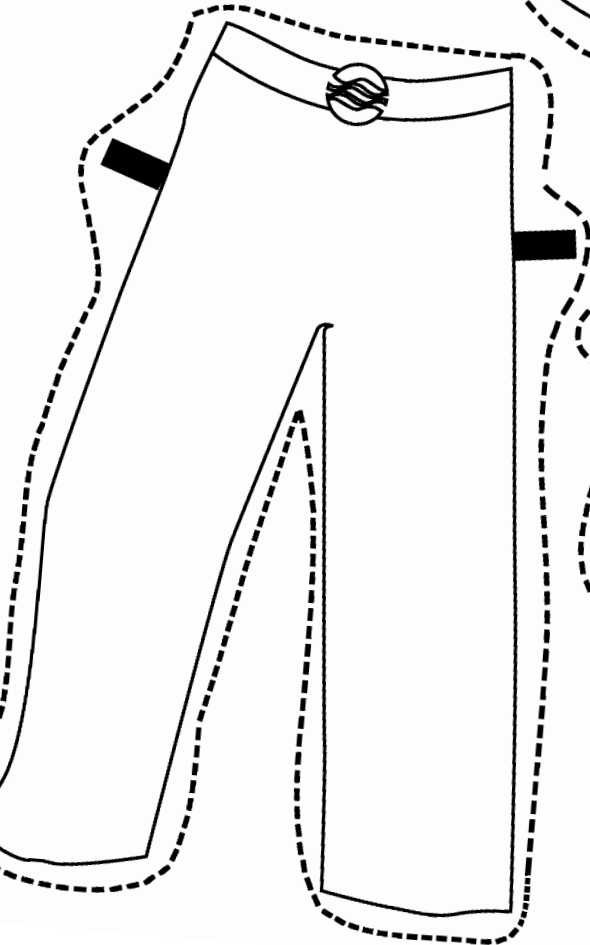

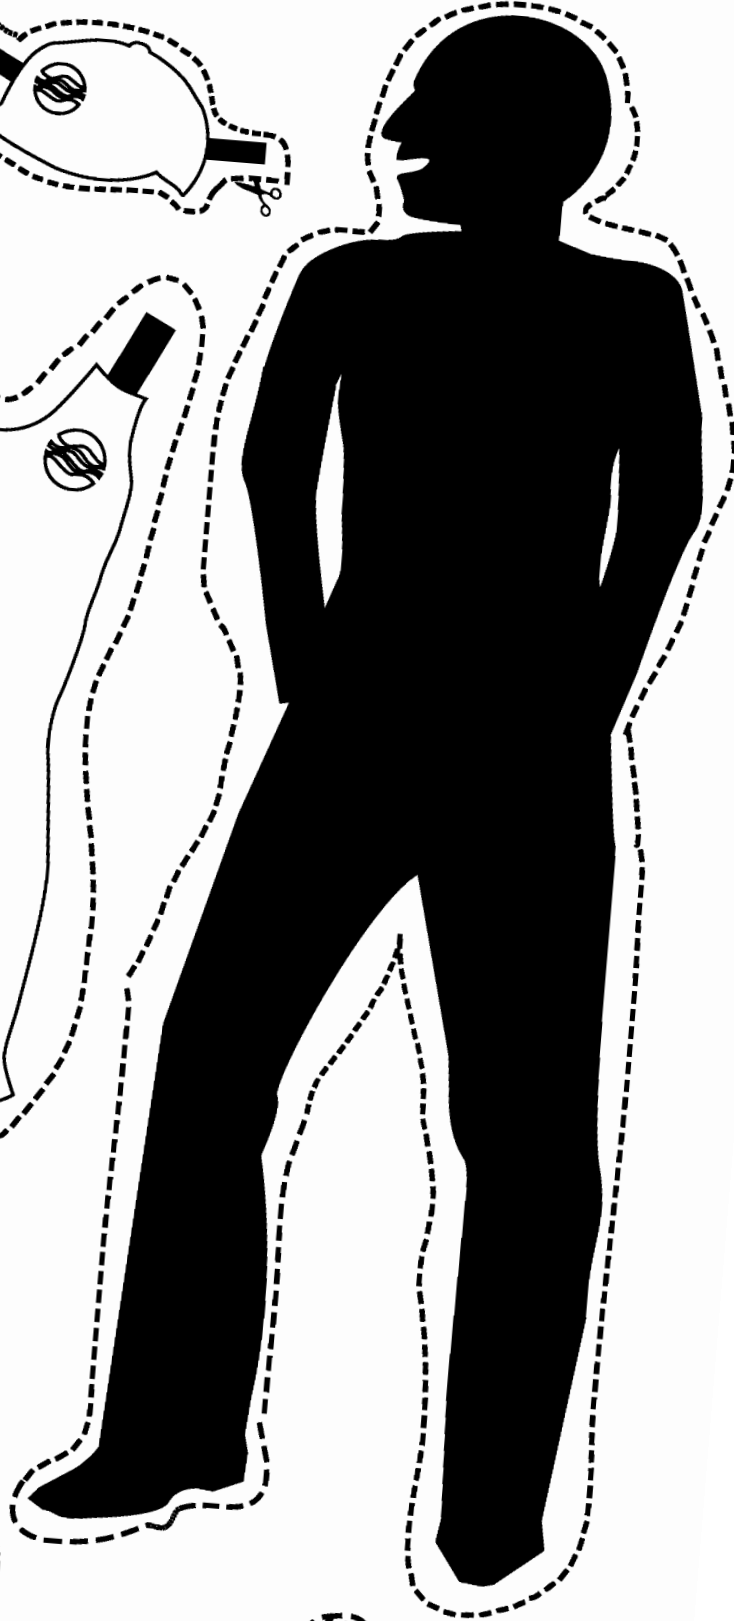

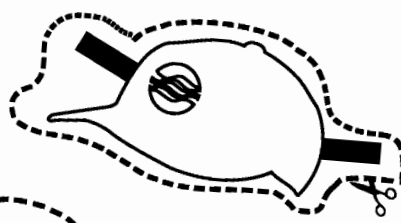

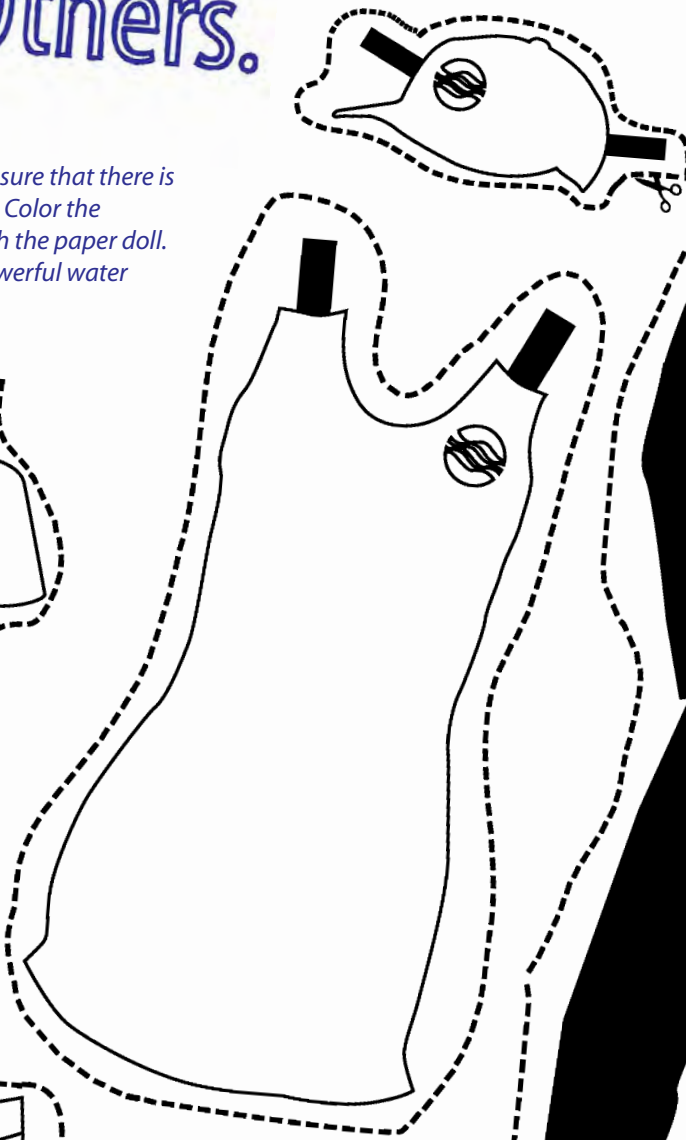

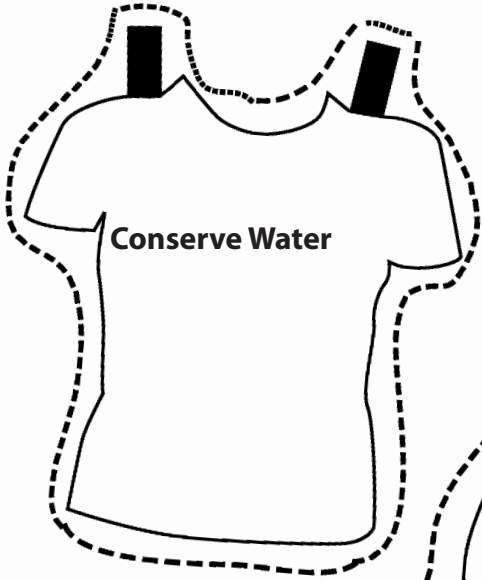

*Everyone can make a difference. Help conserve our most precious natural resource, water. Read the conservation tips, then design a t-shirt with a message about saving water.*

1. Keep a jug of tap water in the refrigerator to avoid running water, waiting for it to get cool.
2. Turn off the faucet while brushing your teeth or washing dishes.
3. When taking a bath, don't fill the tub to the top.
4. Take shorter showers.
5. Don't use the toilet as a trash can.
6. Learn more.

# Teach Others.

Teach what you know to others to ensure that there is always a safe, clean supply of water. Color the outfits. Then, cut them out along with the paper doll. Mix and match outfits to create a powerful water saving message.

# Never stop learning.

*The best thing you can do for yourself and others is never stop learning. Find out more about your drinking water and BWSC online.*
