**BOSTON WATER & SEWER COMMISSION
REHABILITATION OF THE NEW BOSTON MAIN INTERCEPTOR
CONTRACT NO. 21-309-005A**

OVERALL PROJECT

(See map on reverse side)

- Rehabilitate a 500-foot portion of the existing 102-inch NBMI sewer system and four major sewer structures.
- Approximately 25 to 35 feet deep
- "Trenchless" rehabilitation to avoid deep excavation along the pipe length and to minimize neighborhood and traffic disruption.

AFFECTED AREAS

- Southampton Street: Ellery Street to Dorchester Avenue (MH "E")
- Preble Street: Dorchester Avenue to Rogers Street (MH "D"), including a detour (see map on reverse side)
- Dorchester Avenue: Preble Street at Dorchester Street (MH "C")
- Moakley Park: near 1187 Columbia Road (MH "B")

Impacts to traffic and parking are anticipated around the work zones.

Crews apply spray-on liner and epoxy in MH E.
