

East Boston Sewer Separation Phase III Project Update – May 2023

BWSC Contract: 19-309-002

PURPOSE

East Boston Sewer Separation Phase 3 is a continuation of both Phases 1 and 2 and involves the separation of the combined sewer system into a new sewer system and new drain system. This project will reduce pollution levels in Boston Harbor by substantially decreasing the number and volume of combined sewer overflows. This project will also include some water main replacement work as well. The purpose of this notice is to provide information regarding the ongoing improvements in your neighborhood and any necessary impacts or disruptions that might result from this work.

ONGOING WORK

- Summer Street: Havre Street to Lamson Street
 - Install 1,400 LF of storm drain
 - **Work Ongoing**
 - Install 1,630 LF of water main
 - **Work Ongoing**

UPCOMING WORK

- Maverick Street: Cottage Street to Orleans St.
 - Separate 1,475 LF of combined sewer
 - **Permit Requested**
 - Replace 900 LF of water main
 - **Permit Requested**
- Various Streets: Paving
 - Permanent trench paving of all previously completed work. 1 day of work per street
 - **Permits Requested**

ANTICIPATED IMPACTS

The anticipated impacts include water service interruptions, noise, traffic and parking modifications, rodent activity, dust, and general construction impacts. The contractor will be required to minimize impacts to the extent feasible.

SURFACE RESTORATION

Temporary restoration of roadways, sidewalks and other areas disturbed by construction will be completed under this contract. Permanent paving restoration will occur under a separate contract.
