

Upper Roxbury Sewer Separation Phase 3 Project Update

BWSC Contract: 17-309-011

Typical Sewer Separation Project

PURPOSE

Roxbury Sewer Separation Phase 3 is a continuation of the work recently completed on Dudley Street and involves the separation of the combined sewer system into a new sewer system and new drain system. This project will reduce pollution levels in Boston Harbor by substantially decreasing the number and volume of combined sewer overflows. This project will also include some water main replacement work as well. The purpose of this notice is to provide information regarding the ongoing improvements in your neighborhood and any necessary impacts or disruptions that might result from this work.

COMPLETED WORK

- Blue Hill Avenue: Dudley St. to Irwin St.
- Lagrange Place: Blue Hill Ave. to End
- Winthrop Street: Blue Hill Ave. to Presby Pl.
- Langford Park: Copeland St. to End
- Rand Street: Brookford St. to Julian St.
- Southwood Street: Blue Hill Ave. to #21 Southwood St.
- Alaska Street: Blue Hill Ave. to Perrin St.

UPCOMING & ONGOING WORK

- Blue Hill Avenue: Irwin St. to Maywood St.
 - Separate 2,000 LF of combined sewer
- Blue Hill Avenue: Edgewood St. to Maywood St.
 - Relay 575 LF of water main
- Moreland Street: Blue Hill Ave. to #40 Moreland St.
 - Separate 1,200 LF of combined sewer

ANTICIPATED IMPACTS

The anticipated impacts include water service interruptions, noise, traffic and parking modifications, rodent activity, dust, and general construction impacts. The contractor will be required to minimize impacts to the extent feasible. Outbound traffic on Blue Hill Avenue and various sections of Moreland Street will be detoured to facilitate the work.

SURFACE RESTORATION

Temporary restoration of roadways, sidewalks and other areas disturbed by construction will be completed under this contract. Permanent paving restoration will occur under a separate contract.

Questions or Comments on this project should be directed to:
