Purpose:
Roxbury Sewer Separation Phase 3 is a continuation of the work recently completed on Dudley Street and involves the separation of the combined sewer system into a new sewer system and new drain system. This project will reduce pollution levels in Boston Harbor by substantially decreasing the number and volume of combined sewer overflows. This project will also include some water main replacement work as well. The purpose of this notice is to provide information regarding the ongoing improvements in your neighborhood and any necessary impacts or disruptions that might result from this work.

Completed Work:
- Alaska Street: Blue Hill Ave. to Perrin St.
- Blue Hill Avenue: Dudley St. to Irwin St.
- Lagrange Place: Blue Hill Ave. to End
- Langford Park: Copeland St. to End
- Moreland Street: Blue Hill Ave. to Perrin St.
- Rand Street: Brookford St. to Julian St.
- Southwood Street: Blue Hill Ave. to #21 Southwood St.
- Winthrop Street: Blue Hill Ave. to Presby Pl.

Upcoming & Ongoing Work:
- Blue Hill Avenue: Irwin St. to Maywood St.
  - Separate 1,925 LF of combined sewer
- Moreland Street: Perrin St. to #40 Moreland St.
  - Separate 600 LF of combined sewer

Anticipated Impacts:
The anticipated impacts include water service interruptions, noise, traffic and parking modifications, rodent activity, dust, and general construction impacts. The contractor will be required to minimize impacts to the extent feasible. Outbound traffic on Blue Hill Avenue and various sections of Moreland Street will be detoured to facilitate the work.

Surface Restoration:
Temporary restoration of roadways, sidewalks and other areas disturbed by construction will be completed under this contract. Permanent paving restoration will occur under a separate contract.
