PURPOSE
Roxbury Sewer Separation Phase 3 is a continuation of the work recently completed on Dudley Street and involves the separation of the combined sewer system into a new sewer system and new drain system. This project will reduce pollution levels in Boston Harbor by substantially decreasing the number and volume of combined sewer overflows. This project will also include some water main replacement work as well. The purpose of this notice is to provide information regarding the ongoing improvements in your neighborhood and any necessary impacts or disruptions that might result from this work.

COMPLETED WORK
➢ Alaska Street: Blue Hill Ave. to Perrin St.
➢ Blue Hill Avenue: Dudley St. to # Alaska St.
➢ Lagrange Place: Blue Hill Ave. to End
➢ Langford Park: Copeland St. to End
➢ Moreland Street: Blue Hill Ave. to Copeland St.
➢ Rand Street: Brookford St. to Julian St.
➢ Southwood Street: Blue Hill Ave. to #21 Southwood St.
➢ Winthrop Street: Blue Hill Ave. to Presby Pl.

UPCOMING & ONGOING WORK
➢ Blue Hill Avenue: Alaska St. to Maywood St.
  o Separate 1,750 LF of combined sewer
➢ Moreland Street: Perrin St. to #40 Moreland St.
  o Separate 100 LF of combined sewer
➢ Copeland Street: Moreland St. to Langford Pk.
  o Separate 550 LF of combined sewer

ANTICIPATED IMPACTS
The anticipated impacts include water service interruptions, noise, traffic and parking modifications, rodent activity, dust, and general construction impacts. The contractor will be required to minimize impacts to the extent feasible. Outbound traffic on Blue Hill Avenue and various sections of Moreland Street will be detoured to facilitate the work.

SURFACE RESTORATION
Temporary restoration of roadways, sidewalks and other areas disturbed by construction will be completed under this contract. Permanent paving restoration will occur under a separate contract.
