

As property owner, I hereby agree to abide by the Commission's Impervious Area Reduction requirements for adjustments to the estimated residential unit (ERU) for my property. I authorize Commission personnel to access the property to inspect and confirm the impervious area reduction. If there is pervious area created to qualify for the impervious area reduction, I shall perform continued maintenance of the pervious area to insure that proper function as described in this application. I certify that the application document and information describing the impervious area reduction are true and accurate to the best of my knowledge and I am authorized to execute this application.

Signature _____ Date _____

Print _____

Please attach before and after photos of the impervious area described above

An adjustment to your account will be made to your account when the aerial view of your parcel is finalized.
