

Upper Roxbury Sewer Separation Phase 3 Project Update

BWSC Contract: 17-309-011

Typical Sewer Separation Project

PURPOSE

Roxbury Sewer Separation Phase 3 is a continuation of the work recently completed on Dudley Street and involves the separation of the combined sewer system into a new sewer system and new drain system. This project will reduce pollution levels in Boston Harbor by substantially decreasing the number and volume of combined sewer overflows. This project will also include some water main replacement work as well. The purpose of this notice is to provide information regarding the ongoing improvements in your neighborhood and any necessary impacts or disruptions that might result from this work.

COMPLETED WORK

- Blue Hill Avenue: Dudley St. to Southwood St.
- Copeland Street: Moreland St. to Langford Pk.
- Moreland Street: Blue Hill Ave. to #40 Moreland St.
- Perrin Street: Moreland St. to #30 Perrin St.
- Rand Street: Brookford St. to Julian St.
- Southwood Street: #21 to #72 Southwood St.
- Winthrop Street: Blue Hill Ave. to Presby Pl.
- Woodbine Street: Blue Hill Ave. to #35 Woodbine St.

UPCOMING & ONGOING WORK

- Blue Hill Avenue: Southwood St. to Maywood St.
 - Separate 700 LF of combined sewer
- Maywood Street: Blue Hill Ave. to #29 Maywood St.
 - Install 970 LF of structural liner
- Perrin Street: 30 Perrin St. to Alaska St.
 - Install 450 LF of structural liner
- Downspout Disconnects: Various addresses within the project limits

ANTICIPATED IMPACTS

The anticipated impacts include water service interruptions, noise, traffic and parking modifications, rodent activity, dust, and general construction impacts. The contractor will be required to minimize impacts to the extent feasible. Outbound traffic on Blue Hill Avenue will be detoured to facilitate the work.

SURFACE RESTORATION

Temporary restoration of roadways, sidewalks and other areas disturbed by construction will be completed under this contract. Permanent paving restoration will occur under a separate contract.
