Re: MWRA Annual Maintenance Program

Dear Mr. Sullivan:

The MWRA's Metropolitan Operations is beginning its FY 2027 Valve Exercising Program. This maintenance program includes the exercising of main lines, blow offs, and air valves along our pipeline sections. Excavation of paved surfaces will not be necessary for this program.

During the month of **July 2026** MWRA personnel will perform the above referenced maintenance work on various MWRA water mains including MWRA Sections 21/43, 22, 30, 39, 41, 44, 90, 93, and 107. This work may result in discolored water but is not expected to create any pressure losses at the meter listed below. Discolored water may be anticipated for three days after the work is completed.

<u>METER</u>	<u>LOCATION</u>	<u>PRESURE LOSSES/DISCOLORED WATER</u>
8	Arborway @ South St	0 psi/Possible
51	River St @ Morton St	0 psi/Possible
68	Metropolitan Ave @ Summit St	0 psi/Possible
73	Bellevue Tank	0 psi/Possible
147	American Legion @ Cummins Hwy	0 psi/Possible
161	Beech St @ Poplar St	0 psi/Possible
167	Morton St @ Gallivan Blvd	0 psi/Possible
195	Canterbury St @ Morton St	0 psi/Possible
209	Washington St @ Morton St	0 psi/Possible

Please note, information on the maintenance exercise will be posted on MWRA's website and social media accounts prior to the start of work. Should you have any requests for additional community outreach, including to local media outlets, please contact Troy Wall, MWRA's Community Relations Liaison, at (617) 305-5762.

Prior to beginning the work, the Authority's Operations Section will call you on the day the work begins and follow up until it is completed.

If you have any questions or comments, please do not hesitate to contact me directly at (617) 913-6413. Again, we will strive to work closely with you so as to minimize the disruption to the public's water supply.

Sincerely,

Gabrielle Tool
